Unter Mitwirkung der Deutschen Physikalischen Gesellschaft

Volume 54 · 1983/84

Springer-Verlag Berlin Heidelberg New York Tokyo

Founded in 1920. Edited with the collaboration of the Deutsche Physikalische Gesellschaft by *K. Scheel* and *H. Geiger;* Vols 124–141 (1947–1955) by *M. v. Laue* and *R.W. Pohl;* Vols 142–203 (1955–1967) by *O. Haxel* and *H. Jensen;* Vols 204–258 (1967–1973) by *E. Fünfer, O. Haxel, H. Jensen,* and *G. Leibfried,* from Vol. 259 by *E. Fünfer, O. Haxel, G. Leibfried,* and *H.A. Weidenmüller.* Vols 129–175 were produced with the collaboration of the Verband Deutscher Physikalischer Gesellschaften; from Vol. 176, the Deutsche Physikalische Gesellschaft. Published: Vols 1–4 (1921) Braunschweig, Fr. Vieweg & Sohn; Vol. 5 onwards, Berlin, Springer.

Starting with Vol. 272 (1975) Zeitschrift für Physik has been divided into two separate journals: Zeitschrift für Physik A (Atoms and Nuclei) and Zeitschrift für Physik B (Condensed Matter and Quanta). The title Zeitschrift für Physik B (Condensed Matter and Quanta) has been changed to Zeitschrift für Physik B (Condensed Matter) from Vol. 38 (1980).

Copyright Submission of a manuscript implies that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review or thesis), that it is not under consideration for publication elsewhere, that its publication has been approved by all the authors and by the responsible authorities – tacitly or explicitly – in the laboratories where the work was carried out and that, if accepted, it will not be published elsewhere in the same form, in either the same or another language, without the consent of the copyright holders. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform, electronic data-base, video-disks, or any other reproductions of similar nature, and translations.

Photographic reproduction, microform, electronic data-base, video-disks, or any other reproduction of text, figures, or tables from this journal is prohibited without permission obtained from the publishers.

The use of general descriptive names, trade marks, etc., in this publication, even if the former are not specifically identified, is not to be taken as a sign that such names are exempt from the relevant protective laws and regulations.

While the advice and information is believed to be true and accurate at the date of going to press, neither the authors nor the editors nor the publisher can accept legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special Regulations for the USA Photocopies may be made for personal or internal use beyond that permitted by Section 107 or 108 of the U.S. Copyright Law, provided a fee is paid. This fee is $0.20 per page or a minimum of $1.00 if an article consists of less than five pages. Please pay this fee to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0340-2193, volume, and first and last page numbers of each article copied.

The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific written permission must be obtained from the publisher for such copying.

Other Regulations Authors of this journal can benefit from library and photocopy fees collected by VG WORT if certain conditions are met. If an author lives in the Federal Republic of Germany or in West Berlin it is recommended that he contact Verwertungsgesellschaft WORT, Abteilung Wissenschaft, Goethestrasse 49, D-8000 München 2, for detailed information.
